

YOUR 630M 2020 YEARBOOK

Compiled by James F. Hollander W5EST

TABLE OF CONTENTS

PART IA: START BY RECEIVING 630m!

[Preface & Chapter 1A: Distinguishing 630 Meters Compared to HF](#)

[Chapter 2A: Receiving Antennas for 630 Meters](#)

[Chapter 3A1: 630m Receivers and Decoders for 630m Modes Generally](#)

[Chapter 4A: 630m Local Noise, How to Minimize and Control It](#)

Chapter 5A: 630m Operating Modes and How to Receive Them

[-1- WSPR, FST4W, QRP](#)

[-2- CW, QRSS](#)

[-3.1 JT9-1, FST4-60, Appendix](#)

[-3.2 JT9-2, JT9-5, JT9-10, FST4-120, FST4-300, etc.](#)

[-4- Non-JT9, non-FST4 Digimodes](#)

[-5- Phone/Voice](#)

Chapter 6A: 630m Storms & Noise, How to Minimize and Receive Through

[-1- Space Weather and GMF storms](#)

[-2- Troposphere Storms and 630M Band Noise](#)

Chapter 7A: [Common Darkness and 630m Nighttime and Daytime Paths](#)

Chapter 8A: (See prior years for Spatial Diversity Screen Sharing)

PART IIA: YOUR 630m TRANSMITTING STATION

Chapter 9A: [630m Paths – Short and Medium](#)

Chapter 10A: 630m Transmit Antennas, Top Hats and Grounding Systems

- [-1- TX Verticals or Inverted-L, and Top Hats](#)
- [-2- TX Loops, Other TX Antennas](#)
- [-3- Grounding Systems and Counterpoises](#)
- [-4- \(See prior years for Top Fed Delta Loop TFDL\)](#)

Chapter 11A: (See prior years 630m TX Antenna Concepts, Modeling, Measuring)

Chapter 12A: [630m Transmit Antenna Tuning Units \(ATUs\) and Matching](#)

Chapter 13A: [630m Transmitters and RF Power Amplifiers](#)

Chapter 14A: [Transmit/Receive \(T/R\) and Other Controls for Your Station](#)

Chapter 15A: 630m 24-Hour Daily Propagation Regimes and Annual Seasons

- [-1- Generally](#)
- [-2- Around Sunrise](#)

Chapter 16A: [630m Station Operating Etiquette and Band Planning](#)

PART IIIA: 630m PROPAGATION, VARIABILITY, AND MYSTERIES

Chapter 17A: 630m Propagation on Long Haul Paths

- [-1- To/From Europe](#)
- [-2- To/From VK, ZL, JA, KL7, Oceania](#)
- [-3- To/From South America; To/From Reunion Island FR5](#)

Chapter 18A: [630m Fading and QSB Measurements](#)

Chapter 19A1: [630m during Daytime](#)

Chapter 19A2: [630m during Solar Eclipses](#)

Chapter 20A: [630m Propagation Mysteries](#)

Chapter 21A: [Analyzing and Interpreting 630m Information](#)

Chapter 22A: (See prior years for 630m Future Paths, Modes, Equipment, etc.)
