

Williamson County Amateur Radio Service

July 26, 2019

Mamie Shepherd
Program Manager
Seacrest Studios

Dear Ms. Shepherd:

The proposed equipment list for the ISS contact is as follows.

Primary rig: Icom 9700 radio

Mirage power amp

14 element cross-polarized yagi

Custom Az-El antenna mount using SatPC32 software for control

LMR-400UF coax cable

Secondary rig: Kenwood TS2000 radio

Eggbeater omnidirectional antenna

Please feel free to contact me with any questions.

Sincerely,

Randolph Moore
