

Alexandria Radio Club

2023 ARRL Field Day

June 24-25

Chinquapin Park

Alexandria, VA

The Alexandria Radio Club

- **The Alexandria Radio Club is hosting the annual ARRL field Day 2023. Throughout its existence, the Alexandria Radio Club has served as a model in service to the community and in representing the interests of amateur radio in the Alexandria area. The Alexandria Radio Club is chartered to:**
- **To prepare for and to participate in radio communications incident to public service during times of disaster or national emergencies and in other activities to promote the public welfare.**
- **To participate in amateur radio activities such as field day and contests and to erect, install, and operate portable or mobile radio stations in all such instances.**

What is ARRL Field Day?

- **ARRL Field Day is the single most popular on-the-air event held annually in the US and Canada. On the fourth weekend of June of each year, more than 35,000 radio amateurs gather with their clubs, groups or simply with friends to operate from remote locations. For many clubs, ARRL Field Day is one of the highlights of their annual calendar.**

ARRL Field Day Objectives

- **To work as many stations as possible on the 160, 80, 40, 20, 15 and 10 Meter HF bands, as well as all bands 50 MHz and above, and in doing so to learn to operate in abnormal situations in less than optimal conditions.**
- **A premium is placed on developing skills to meet the challenges of emergency preparedness as well as to acquaint the general public with the capabilities of Amateur Radio.**

Operating Stations

- 10M
- 15M
- 20M
- 40M PH
- 40M CW
- 80M/160M
- VHF/UHF/6M
- Satellite
- Digital Modes as operator sees fit

Band Captains

- 10M: Jason Palma (WA6MPR)
- 15M: Jay Orbin (KV3W)
- 20M: Ed Ferguson (W4EDF)
- 40M PH: Erik Misavage (KI4BXU)
- 40M CW: Ian Keith (N8IK)
- 80M/160M: Sandra Cruz-Pol (KQ4BDG) and Louie Mingo (KO4QVB)
- VHF/UHF/6M: Todd Taylor (KO4IJH)
- Satellite: Joe Porcello (KT3I)

2023 ARRL Field Day: Alexandria Radio Club

Operating Station	Station/Band Captain	Rig/Radio	Antenna #1	Antenna #2	Computer	Power	Shelter/Table/Chairs	Other	Notes from Bob
10M	Jason Palma (WA6MPR)								
15M	Jay Orbin (KV3W)								
20M	Ed Ferguson (W4EDF)	FT-891	1/4 wave Vertical	End Fed	Laptop w/N3FJP	Solar/Battery	Pop-up Shelter/Chair	Keyer/Key/Assc.	
40M PH	Erik Misavage (K14BXU)	IC-7300	Double Bazooka 40M	Caroline Windom 40 (Backup)	Dell Latitude E7270	solar panel + LiFePRO4 Battery Pack	1 table w/Chair		
40M CW	Ian Keith (N8IK)								
80M/160M	Louie Mingo (KO4QVB) Sandra Cruz-Pol (KQ4BDG)								
Satellite	Joe Porcello (KT3I)								
VHF/UHF/6M	Todd Taylor (KO4IJH)	IC-7100 (All Band/Mode): IC-2200 (2M FM): HTs (Dual Band)	6M Moxon and/or Yagi	Ladder Line roll up J-Pole for 2M/70cm FM: Dual Band Yagi for SSB/Digital	Laptop w/N3FJP	Battery: Generator: Solar	I might have a chair or two, but do not have a shelter or table	I do not have any portable antenna tripods/masts.	I have a table, shelter, and might have a portable tripod/mast that can be used.

Generators	
Extension Cords	
First Aid Kit(s)	
Caution Tape/Tape for marking safety areas	
Lighting for Pavillion/Operating Areas	
Shelters	
Tables/Chairs	
Extra Antennas	
Fuel for generators	

GOTA STATION

- **GOTA station may operate on any Field Day band, HF or VHF, but is limited to one GOTA station transmitted signal at any time.**
- This station **must use** a different callsign from the primary Field Day station. The GOTA station must use the same callsign for the duration of the event regardless if operators change. **The GOTA station uses the same exchange as its parent.**
- The GOTA station may be operated by any person licensed since the previous year's Field Day, regardless of license class. It may also be operated by a generally inactive licensee. Non-licensed persons may participate under the direct supervision of an appropriate control operator. A list of operators and participants must be included on the required summary sheet to ARRL HQ.
- As per FCC rules, this station must have a valid control operator present at the control point if operating beyond the license privileges of the participant using the station.
- The maximum transmitter output power for the GOTA station shall be **100 watts**. If the primary Field Day group is claiming the QRP multiplier level of five (5), the maximum transmitter output power of the GOTA station may not exceed 5 watts.
- **NEW FOR 2023: There is no limit to the number of contacts made by the GOTA station. All GOTA station contacts are worth five (5) points, regardless of mode.** In addition, bonus points may be earned by this station under rule 7.3.13.
- The GOTA station may operate on any Field Day band. Only one transmitted signal is allowed from the GOTA station at any time.
- The GOTA station does not affect the additional VHF/UHF station provided for under Field Day Rule 4.1.2. for Class A stations.
- Participants are reminded that non-licensed participants working under the direction of a valid control operator may only communicate with other W/VE stations or with stations in countries with which the US has entered a third-party agreement.
- The GOTA station does not qualify as an additional transmitter when determining the number of transmitters eligible for the 100-point emergency power bonus under Rule 7.3.1.

QSO Points

- Phone contacts count one point each.
- Digital contacts count two points each.
- CW contacts count two points each.

Food/Meal Planning Committee

- Need Chairperson(s): Wilson KM4KLLK has volunteered to be chair.
- Create Menu
- Develop budget
- Develop food plan (meals per day, snacks)
- Develop food purchasing plan
- Supplies needed (utensils, propane/fuel, any items needed from members)

Safety and Security

- Members needed to support overnight operations/protect equipment
- Wx Conditions: In the event of a storm or inclement weather, the following actions need to be taken:
 - Cease all radio operations
 - Disconnect all antennas and power
 - Cover all power supplies
 - Shut down all generators

Logging

- W4HFH will use N3FJP logging software for all stations. ARC has a club license for use during Field Day.
