At Winter Field Day (l-r): Derek (KQ4NAI), Sean (K4KKBK), Don (KI4D), Mason (KO4ROV), Bob (KO4ZIK), Erik (KI4BXU), Gary (KC5QCN), and Alex (KO4ZMC). Story below.

President's Corner

Sean (K4KKBK)

Well, according to Punxsutawny Phil, we're in for an early spring, which is great news for most of us. We've had our snow, the water tables are up, and now it's time to get back outside with all that new radio gear you've been assembling and get on the air.

We completed our **Winter Field Day** on 27/28 January at Station 210 on Eisenhower Ave. While we only operated for 11 of the 24 hours in the event, we achieved nearly 1,000 QSOs, and the bulk of those were brought in by Alex and Marshall Lammers. It was a great event with much inventiveness, some excellent discussion and a few laughs. We even had a surprise visit from our

own Don Lewis checking in to see how we were doing. He wasn't able to stay long but the assembled group was very pleased to see him in person and to brief him on the setup and progress of the event.

Next up on the calendar is our communications support to the **George Washington Parade** in Old Town Alexandria on the 19th of February. We have a list of radio operators that have signed up to work this event but we can always use more. The operators will be working with each of the parade division marshals in updating the order of march and communicating those changes to the trailer. Once the changes are made in the trailer to the master spreadsheet, the updated order of march will be printed and delivered to the reviewing stand officials division by division. After the parade, we will rendezvous at Glory Days for some late afternoon sustenance. It will be a great fun-filled day. If you'd like to get in on the action, please contact our GW Parade lead, Heath Wells (heath.wells.esq@gmail.com) to sign up. Further details on times and meet up locations, etc. will be forthcoming this week.

I've added a few committee blocks to the organization chart and have challenged some of those chairs to enhance their offerings and broaden their scope to create more opportunities for members to engage. I won't go into more detail here as I risk stealing someone else's thunder for the thought and planning that is already taken place. Interesting to note that most good ideas don't come from the wheel house, they come from the crew. Keep up the good work.

Last and perhaps most importantly, this is a members Club and as such the Club needs all members to engage with whatever ideas, activities, and contributions they can make. Need assistance in bringing something forward? Just ask. Your Committee Chairs, Board, and Officers will do their very best to support you on your ideas. We have an enormous amount of talent in this club and I'm very proud to be a member in your midst.

Winter Field Day

Members of the Alexandria Radio Club took part in Winter Field Day, Saturday, January 27th, and Sunday, January 28th. After setting up at Alexandria Fire Station 210, 5255 Eisenhower Ave., ARC was on the air from 1400-1800 Saturday, and from 0700-1400 Sunday. The team logged almost 1,000 QSOs.

Clockwise from above: Mason (KO4ROV); Paul (KQ4LJS), Mason, Joe (KD2HZG); Paul, Micha (KE8ZHC), Joe (KT3I), Mike (WA8AHZ-Vienna Wireless Society and ARRL VA Section Affiliated Club Coordinator); Marshall (KQ4NJB), Alex (KO4ZMC), Sean (K4KBK); Joe and Mason.

George Washington Birthday Parade

February 19, 2024

As we have for many years, members of the Club will provide communication among parade units and along the route in Old Town Alexandria. Details will be announced at our next meeting. To join the team, please contact Heath Wells (heath.wells.esq@gmail.com).

Nomination Period Still Open for Club Vice President, Board Member

From Sandy Kenyon: Since Don Lewis, KI4D, has stepped down from the office of the President, and Sean Gallagher, K4KBK, has assumed the duties of the President in accordance with the club's by-laws, the office of Vice President is now open.

We are asking for nominations for Vice President to be voted on at the next general membership meeting, on February 9. Current Board of Directors member Bob Crumley has accepted a nomination for VP. That also means that, if elected, he would be vacating his position on the board, so we are accepting nominations to fill his position for the remainder of the term, December 31, 2024.

Please email any nominations for VP or the Board of Director position to myself, Sandy Kenyon, KQ4NE, askenyon4@[gmail.com](mailto:askenyon4@gmail.com) and Gary Sessums, KC5QCN, kc5qcn@arri.net.

Activities and Events

Our Next Licensing Classes

Classes (for Technician and General) are scheduled to begin Tuesday, March 5, and end with the test on May 7. If you know someone who wishes to become an amateur radio operator, have them contact us at training@w4hfh.org.

Vienna Winterfest, March 10

Bob Crumley (KO4ZIK) reports:

Vienna Wireless is hosting their annual **Winterfest** at Oakton High School on Sunday March 10th, at 0800. The high school is located at 2900 Sutton Road in Vienna.

ARC has reserved three tables for the event. If anyone has any items that you would like to sell, please let me know so we can make proper arrangements to get them over to the site, and other arrangements if you're not going to be attending the event.

Also, we would like to get a **good inventory of club gear** that members currently have in their shacks/homes. With that info, the club can make a decision on either keeping the items or disposing of them via the Winterfest event, as a means of make some money on items we no longer have a need for.

If you don't have any items that you would like to sell, the Winterfest is usually a good time to get some needed items, such as cables/coax, connectors, antennas, etc., to either continue building out your shack or making a go-kit/portable set-up. A good list of vendors and events is located at the following site:

<https://viennawireless.net/wp/winterfest-key-info/>

Thanks. 73,
Bob KO4ZIK

ARES – Rick, N4ASX

The first item is the **George Washington Birthday Parade**. We have been supporting this for many, many years. The GW parade is on February 19th (President's Day), which is a Monday. What we do is assist the organizers with getting the units in order and providing eyes and ears on the course. We will need about 15 operators and a few AREDN or Packet operators to send the changes from the Trailer (if it's at the start of the parade). I will not be able to support so the club leadership will need a lead for this. But this is a great opportunity to practice your operations. I need to support the Civil Air Patrol Cadets who are working the parade as parade marshals.

Another item is the **NEED for a NEW ARES Emergency Coordinator**. After 20 years and the last few years of trying to find a replacement, I have submitted my resignation effective April 30th as EC. If you have the time and have IS100, IS200, IS700, and IS800 they may qualify. I will try to remain active but with 4 months out of the area per year, we need someone who can be here year-round.

I encourage all who want to support the city and the state in an emergency. I encourage you to think about taking the job.

73, **Rick** N4ASX

Next Meeting

Will be held at 7 p.m., Friday, February 9, at the Alexandria Police Department Community Room, 3600 Wheeler Avenue. Highlights: **Winter Field Day** report; **Special Election**; **Parade plans**. A special presentation about the upcoming Virginia QSO party, March 16-17, by **Gordon Miller**, NQ4K.
