Miami Valley Mesh Alliance, KE8MVM

Organizationally, we're just a BOGSAT.
We "promote" but do not provide Mesh.

We have no "Mesh" in the Miami Valley.
Our RF network is a "daisy-chain" of
  Bullet Omnis and airGrids forever!

```

The DARA "North" site links 2 amateurs.
The MVHS site links our interim leader.
All 4 Xenia nodes link our past leader.
W Xenia NSM5 needs aimed back to MVHS
 and MVHS Omni put in standalone SSID

Internet tunnels link 7 local amateurs,
as well as Clinton County ARA and N2MH.
 We include non-participating amateurs.

 We don't support ARES or any agencies.
 They are welcome to link to the omnis.
