

# Parks on the Air Practice Setup 10-30-21

Downtown from American Legion Park -  
Houston

# Saturday Practice Session for Parks On the Air

Setup with portables and Wolf River Coils

N5TCB Dom

W2WF Steve KG5OIR Hal

# Xeigu HF QRP Setup

Band was hot with propagation up to 10 meters. It was HF contest weekend.

# Icom 703 Setup W/ Battery

Dom - Hamming it up....Total setup time about 15 minutes. Dom was using a Jackery 200 W continuous battery supply. Compact and light. More than enough for the 703.

There was a bit of interference between the 2 stations. Looks like we need the bandpass filter project again.

# Shifting positions to reduce interference

W2WF Steve

WB5ANN Mark flying the drone.

You talkin to me?
