

INCIDENT BRIEFING (ICS 201)

1. Incident Name: Operational Readiness Mock Drill	2. Incident Number: 2022-ORMD-1	3. Date/Time Initiated: Date: 07 - 10 - 2022 Time: 17:30 CDT
--	---	--

4. Map/Sketch (include sketch, showing the total area of operations, the incident site/area, impacted and threatened areas, overflight results, trajectories, impacted shorelines, or other graphics depicting situational status and resource assignment):

INTRODUCTION:

With the approach of the 2022 Hurricane Season here in SE Texas, emergency preparedness and communication is ever more important. The purpose of this mock drill is to test our ability to communicate during a potential emergency.

SCOPE:

The Texas GMRS Network will be conducting a regional operational readiness mock drill at the date and time above to evaluate communications abilities.

PURPOSE:

Demonstrate emergency communication abilities. Prepare a unified and proactive response.

PARTICIPATION:

We are requesting families, emergency groups, amateur radio clubs, network repeater systems, agencies, as well as individuals, within the surrounding Houston Metro Area, to participate along with us in this demonstration.

OPERATION PERIOD:

Within a 4-hour operational period; beginning at 5pm and concluding by 9pm. We request operational readiness, with the exception of priority traffic.

CONCLUSION:

Through this demonstration, we have provided an example of the many benefits of working together to create a disaster response plan. We encourage everyone to continue enriching the greater Houston Metro Area with your contributions to your local radio clubs.

5. Situation Summary and Health and Safety Briefing (for briefings or transfer of command): Recognize potential incident Health and Safety Hazards and develop necessary measures (remove hazard, provide personal protective equipment, warn people of the hazard) to protect responders from those hazards.

INCIDENT BRIEFING (ICS 201)

1. Incident Name: Operational Readiness Mock Drill	2. Incident Number: 2022-ORMD-1	3. Date/Time Initiated: Date: 07 - 10 - 2022 Time: 17:30 CDT
--	---	--

7. Current and Planned Objectives:

OBJECTIVE:
To use commonly available equipment and communication paths to test our abilities.

8. Current and Planned Actions, Strategies, and Tactics:

Time:	Actions:
17:30-18:00 pm	a. Announcement marking the beginning of the operational readiness mock drill.
	b. Establish situational awareness of current weather conditions
	c. Pass along any club announcements, such as upcoming club meeting meeting, or any other club announcements
18:00-19:00 pm	a. Establish accountability of membership, including club members that are out of town or that have other commitments, using club roster or check-in procedure.
19:00-20:00 pm	a. Assign Liaison Officer(s) and establish cross-services communication with representatives of other groups participating in the mock drill. The net controller should remain on the system they are operating, and should not be a Liaison.
	b. The Liaison Officer(s) are asked to practice passing simple messages such as their club status, upcoming meeting or other upcoming events.
20:00-21:00 pm	a. All operators are asked to establish local communication through alternative forms ARS, VHF Simplex, CB, GMRS/FRS, MURS
	b. See attached form ICS-205 for frequency assignments.
21:00-21:30 pm	a. Allow members to report about their results of simplex and conclusions
