

Winter Field Day 2024

OPEN TO THE PUBLIC!

Come learn about and experience ham radio!

Saturday Jan 27th 11am - 6pm
Duhacsek Park
17034 Old Richmond Rd.
Sugar Land, TX 77498

- How would you communicate with friends and family without Cell Phones or Internet?
- Do you want to learn about applied physics, electronics, communication (COMMS), and much more?
- Do you find PREPPING or off-grid COMMS during disasters a valuable & interesting skill to have?
- Do you want to help your community when ordinary networks of communication are down?
- How about using radio to transmit images, messages, & email without Cell service or Internet?
- Are you looking for a new hobby that's enjoyed by a worldwide community?
- Do you want to spend a day learning something FUN and new?

If the answer to any of these questions is YES, then we have the event for you!

We are proud to bring to you Winter Field Day 2024, where licensed amateur radio operators will be available to help you get your voice on the air while learning more about the art and science of radio. Come learn about the community service aspect of ham radio with the local ham radio operators who volunteer for emergency services and in local events. Demonstrations and informational material will be available.

You can find more information about the event at BVARC.ORG
