

TOKYO HAMFAIR

IC-7300 Announced

Icom introduced a new HF Radio at the Tokyo Hamfair, August 22nd and 23rd and the IC-7300 quickly went viral! While we do not have information regarding product availability or price, we feel the feature set will bring excitement to your stores.

Key features:

- High quality “Real-Time” spectrum scope
- RF direct sampling
- Class leading C/N specifications
- Large touch screen color TFT display
- Internal antenna tuner
- HF/6m transceiver
- 100W/100W

More details on this exciting new radio will be on the Icom America website in the next few days.
