WELCOME TO THE ELECRAFT FAMILY!

Here at Elecraft, we're continually inspired by the amateur radio community to design high quality radios for all users and for all uses. You've told us you like to build them – so we have kits. And we always have rigs ready to plug 'n play! You won't find a company more proud to serve our ham community.

Elecraft, dedicated to hands-on radio.

KPA500 & KAT500 POWER COMBO

PLAYS WELL WITH MOST POPULAR RIGS

Add more punch to your signal with Elecraft's Power Combo and take your transceiver to a full 500 watts out on 160-6 m. In addition to the K3 and K3S, the DXpedition-proven KPA500 and KAT500 combo is available for most recent Icom, Kenwood, Yaesu, and Flex transceivers. We've taken the guesswork out of operating by providing cabling and instructions for some of the most popular rigs in shacks today.

Learn more about adding the Power Combo to your rig at www.elecraft.com, and take advantage of the Elecraft specials for 2017 FROSTFEST attendees!

K3s BUNDLE SPECIAL

Whether it's a Dxpedition, multi-transmitter contesting, Field Day or sitting at your home station, you want a high-performance transceiver that connects you to the world. Now you can choose a K3s combo that brings the world to you!

**SAVE
\$100**

K3s/P3

Matching the top rated K3s with a real-time Panadapter, DXers and casual operators benefit from all the right features to bust pileups and make that contact. The P3 provides a fully visual assessment of what's going on around you. Bust a pileup by finding the hole in the pile and jump in where it'll be next. If you can see it, you can work it!

**SAVE
\$150**

K3s/KPA500

This bundle is the world's only fully integrated 500-watt transceiver. You get fast, no-tune QSY anywhere on the HF bands and 6M, too! Features include auto-adjustment of drive power when going from standby to operate mode on the KPA500. Fully fault protected, the combo is the basis for a strong signal from your QTH. It is fully expandable to include the P3 and KAT500 anytime.

**SAVE
\$200**

K3s/P3/KPA500

The choice of all major DXpeditions and Contesting events for the past 5 years, this is the potent combination with many of the top DXers and Contesters around the world. There's a reason why they choose Elecraft – top performance and reliable engineering, while managing pileups under any conditions.

**SAVE
\$250**

K3s/P3/KPA500/KAT500/SP3

For those with non-resonant or multiple antennas, the KAT500 adds fully auto-tuning capabilities. Snag that elusive contact on another band instantly because the KAT500 actually reads the K3s VFO frequency and adjusts instantly. It is the first fully integrated 500-watt transceiver system – the K-Line System. Order yours today – it's more affordable than you think!
