

DMR Tech Net TV is a monthly show on [Zoom](#), broadcast the **third Tuesday** each month. We'll be live **from 8pm ET-9pm ET** to explain and demystify **DMR (Digital Mobile Radio)**.

- On Tuesday, February 20, we will have **Robert Bretzman K4WZV**, one of the founders of the **TGIF network**, to discuss and answer questions about why TGIF is, in his opinion, the best DMR network/mode to use.
- Tuesday, March 19, we will be going over upgrading to the **WPSD interface** for your pi-star hotspot with **Brad KE8WNV**, **Rick AD8KN**, and hopefully **Chip WØCHP**.
- On April 16, we will have **Garrett Dow KD6KPC** of **Repeaterbook.com** to go over why his website is the premier repeater directory in the amateur radio world.

To join the DMR Tech Net TV Zoom meeting, click the following link:
